Yunia Alfiati, 11410116, *Correlation between Peers Social Support with Obedience to The Rules of Bilingual Uses on Islamic Boarding School of Al Multazam Student in Mojokerto*. Thesis. Psychology Faculty of State Islamic University of Maulana Malik Ibrahim Malang, 2015

Foreign language mastery is regarded as an important resource in this growing era. Because language is a medium for helping interaction between individuals. Currently, many educational institutions also implemented the use of foreign languages in the system. One is the Islamic Boarding School of Al Mutazam Mojokerto, a boarding school that use bilingual language system (Arabic and English languages). The student obedience to the rules, especially rules about bilingual language use must not be separated from environmental factors that are nearby. Especially peers who are considered instrumental in this regard. Because the students have more interaction with their friends than with others. This study aims to determine the level of peers social support and the level of obedience to the rules of bilingual uses on Islamic Boarding School of Al Multazam students in Mojokerto. And to examine whether there is a correlation between peers social support with obedience to the rules of bilingual uses on Islamic Boarding School of Al Multazam students in Mojokerto.

The method used in this study is a quantitative correlation. Subject study amounted to 25% of the population . There are 75 students of Islamic Boarding School of Al Multazam Mojokerto were selected using cluster sampling technique. To collect the data, researcher uses observation, interview and questionnaires . The overall analysis of data computation is done with the help of the computer is the facility SPSS 16.0 for Windows.
