Al-Ahwal Al-Syakhshiyyah Department, Syariah Faculty, the State Islamic University Maulana Malik Ibrahim of Malang. Supervisor: Dr. Sudirman, M.A.

Keywords: the View, the Potential Dysfunction, Amil Zakat Institutions

Management of zakat in Indonesia begins to enter a new dimension in its regulation. After valid for 12 years, finally on October 27, 2011, through the Plenary Session of the House of Representatives, Act Number 38 Year 1999 on Zakat Management repealed and replaced by a new Act namely Law Number 23 Year 2011 on the management of Zakat. Obviously with the change in the Act also changed the existing regulations, the Law Number 38 Year 1999, the Amil Zakat Institution given the breadth of the management and utilization, but the Act Number 23 Year 2011, there is an indication of the narrowing of the space for this amilin.

This study aims at determines the potential dysfunction indications in Act Number 23 Year 2011 on the management of Zakat, the opinion of zakat, infaq Social Fund Foundation and Sadaqah Al-Falah Malang for indications of potential dysfunction zakat management after Act Number 23 Year 2011 on Management of Zakat. Informants of this study are the Managing Director, Staff Institute Amil Zakat Foundation Social Fund Al-Falah Malang. Methods the study included the type of field research, qualitative approach, data collection methods, with interviews and documentation, while the method of data analysis, comparative descriptive and qualitative descriptive.

From this study, the author can take conclude the potential dysfunction indications of Amil Zakat Institution Act Number 23 Year 2011 on the management of Zakat Foundation Social Fund and the view of Al-Falah Malang for potential dysfunction indications of Amil Zakat Institution Act Number 23 year 2011. In this Act indicates a potential dysfunction in terms of editorial ambiguity, multiple interpretations, unclear position, and function, as chapter 17, "BAZNAS To assist in the implementation, collection, distribution, and utilization zakat, the public can form LAZ". That does not posit Amil Zakat in clearly position. The view of Social Fund Foundation Al-Falah Malang for potential dysfunction indications after Act Number 23 Year 2011 is based on several factors: 1). the Law under two functions, 2). Institutional of Agency Amil Zakat, 3). National Amil Zakat Institution existence in authority and Space, 4). Warranty centralization of Government, 5). Civil Society Organizations Act Number 08 Year 1985, 6). the gap between the Agency and the National Amil Zakat Institution. Six factors above are the potential dysfunction in the enactment of Law Number 23 Year 2011 on the management of Zakat.
