Keywords: Good Corporate Governance (GCG), Transparency, Accountability, Responsibility, Fairness, Performance, Quality, Quantity.

---

Nowadays, the society demands implementation and creation of public sector institutions that implement good corporate governance. Hospital is one of the health facilities. Efforts in maintaining health are all activities conducted to maintain and improve health, and seeks to create a society's optimal health. The management of hospital, as a public sector organization, is below the expectations of local people. People do not get optimal health care from hospital. It also lacks of transparency and public accountability. This possibly happens because there is no full implementation of good corporate governance. This study aims to disclose the implementation of good corporate governance in improving the performance of RSI Aisyiyah Pandaan. This encourages the research to be conducted under the title "The Analysis of Good Corporate Governance (GCG) Implementation in Improving the Performance of RSI Aisyiyah Pandaan."

This research uses descriptive qualitative. The data are collected through observation, interviews, and documentation. The types and data source are primary and secondary data.

The results of the research show that the implementation of good corporate governance applied can improve the performance of RSI Aisyiyah Pandaan. This can be seen from the performance of RSI Aisyiyah Pandaan based on the achieved quality and quantity. In addition, the results of this research indicate an important role between the application of the principles of good corporate governance and the enhanced performance of RSI Aisyiyah Pandaan. By implementing the principles of good corporate governance as a whole, RSI Aisyiyah Pandaan meets the expectations to get good performance.
