Muhammad Yusuf, NIM 10210085, 2014 Initial Determination In Qamariyah at Pondok Pesantren Darul Ulum Poncol And Response From Village Community Leaders Poncol district Magetan. Thesis. Department AL-ahwal Al-shakhsiyyah, Faculty of Sharia, State Islamic University Maulana Malik Ibrahim Malang. Lector: Ahmad Wahidi, M.HI.

Keywords: Determination of Initial Month Month Qamariyah

The beginning of the month qamariyah determination, in Indonesia there are currently many methods are used, two of which are reckoning method and the method rukyat. However, in general the majority of people using the NU method for determining the beginning of the month rukyatulhلال qamariyah, different from Darul Ulum Islamic Boarding Poncol that the initial determination of its qamariyah month using the method of reckoning though the cottage is a boarding school Pesantren Darul Ulum Poncol NU. This is certainly getting a response the pros and cons of other NU community. For the present study the authors tried to study about How qamariyah early determination method was performed in Pondok Pesantren Darul Ulum Poncol? How is the response from community leaders in the village Poncol addressing problems early determination method qamariyah conducted in Pondok Pesantren Darul Ulum Poncol?

The purpose of this study was to determine how the determination qamariyah months in cottage Pesantren Darul Ulum Poncol was done, and to know how the response of community leaders in addressing the problems of the village Poncol early determination method qamariyah conducted at Pondok Pesantren Darul Ulum Poncol. Especially at the beginning of the month of Ramadan and Shawwal.

This research included in empirical legal research, which is based on the data in the field as a primary source by using descriptive qualitative approach which means that the data is derived from documentation and field interviews. That then the data will be analyzed with descriptive qualitative analysis method.

The results of this study indicate that the early qamariyah establishment of Pondok Pesantren Darul Ulum Poncol Hove using the method of reckoning is based on the book of essays Sulam an-Nairain Muhammad Mansour Al-Batawi. The criteria used had imkanurru'yah Darul Ulum Islamic Boarding Poncol is 2 degrees. This is getting a response pros and cons of community leaders Poncol because it has a different understanding of the arguments related qamariah month. The actions taken from community leaders Poncol is; 1) People who agree to support and follow the provisions of Darul Ulum Islamic Boarding School. 2) People who do not agree would prefer to follow the government's resolve and establish the prayer of Eid al-Fitr and Eid al-Adha separate the boarding school. this is done to respect the principle of one another.
