### **ABSTRACT**

The pregnancy of young woman before married is a kind of juvenile delinquency and is included into deviate action. This research is aimed at identifying the factors of young woman's "coping" who is pregnant before married. It is also projected to identify *Emotional Focused Coping* and *Problem Focused Coping* which is done by young women who get married for being prematurely pregnant. Subjecting young women who get married for being prematurely pregnant, this study employs a qualitative method with phenomenology approach. The data is collected through interview, and triangulation is also employed to make sure that the data is valid. It suggests that the "coping" of young woman who gets married for being prematurely pregnant is telling the pregnancy to her parents and quitting study for being ashamed to her mates. ***Key words: Coping, Young Woman, Pregnant, Get Married***
